

Your Place, Your Voice

Fylde Borough Council will be carrying out a Community Governance Review to look at the parish and town councils in the borough and consider whether there needs to be any changes to them.

The Department for Communities and Local Government says that a parish councils needs to reflect present-day patterns of living, working and community identity. The review will look at all aspects of local governance with a view to making the process work better for the people living in our communities.

We have called the review "Your Place, Your Voice" as we really want to get the community involved. We know that we are reviewing the way things work in areas that we don't live in and have a day to day experience of. It's your community so we NEED your views!
